

June 3, 2019

Dear TT Actuarial,

This year's Spring Into Action was an overwhelming success thanks to your contribution and involvement! It takes a lot of support from partners like you to have a successful event and achieve our mission. For the first time in 14 years we have had to deal with inclement weather conditions, but between you and the community rising together as a unified force we were still able to achieve our goal of raising awareness, and, breaking the stigma of speaking about mental health.

*The remarkable turnout and showing of unified community did not go unnoticed by our Mayor John Tory who also weathered some challenging conditions to extend his greetings in his return to Spring Into Action 2019! We are very proud to announce that we have **exceeded our goal of \$15,000 to raise \$22,000 for the CAMH Foundation** for youth mental health! It's because of your contribution we are one step closer to helping fight mental illness, a disease that touches the lives of everyone in one way or another.*

Thank you TT Actuarial for giving a generous contribution to the cause and our event. We are very grateful for your involvement in this year's event and we hope to team up again for Spring Into Action 2020!

#springintoaction2019 #nojudgment #safespace #onevoice #community #givingback

Sincere Gratitude.

Emily, Sonia and Barry

(2019 Spring Into Action Team Leaders)
